

# INVESTMENT HIGHLIGHTS

## Strategic Assets in Argentina's Lithium Hotspot

TSX-V: POR | OTCQB: PFFOF | FSE: POTA

### ARGENTINE LITHIUM PROJECTS

#### STRONG MANAGEMENT

Leadership teams in both **Canada and Argentina** with **significant experience** in the resource sector

#### SURGING DEMAND

The "**Green Revolution**" is boosting **EV demand**, necessitating new sources of Lithium and other battery metals. Annual global electric vehicle sales are forecasted to reach **24.4 million** by 2030

#### ARIZARO

Portofino has entered into a **50:50 net equity ownership agreement** with Lithium Chile Inc. (TSX-V: LITH) for the 8,445 Ha drill-ready Arizaro Lithium Project in Salta Province, Argentina

#### Competitive Edge

Portofino's prior exploration on the project has demonstrated the potential for a deep lithium-bearing aquifer similar to other international groups operating on the Arizaro and Incahuasi Salars

#### Strategic Partnership

Additionally, having LITH as the project operator is expected to result in immediate commencement of initial drilling and resource definition; LITH has existing operational infrastructure already established that includes a geological and drilling team currently operating on the salar

#### YERGO

#### 100% Ownership

Portofino's flagship project is the centrally-located 2,932 Ha drill-ready Yergo Lithium Project in Catamarca Province, Argentina

#### Strategic Asset & Complete Control

Yergo encompasses the entire Aparejos Salar, has demonstrated promising lithium concentrations, and a large at surface lithium-brine bearing aquifer

#### Proximity to Success

Located 9km from the Tres Quebradas Project, developed by NeoLithium, **acquired by Zijin in 2022 for C\$960 million**

### CANADIAN ASSETS

#### LITHIUM

**Allison Lake North** comprises 7 mining claims covering 2,288 hectares and is prospective for lithium-bearing pegmatite mineralization

**Green Heart Lake and McNamara:** Both properties are strategically located in the Balmoral and McNamara Lake areas of northwestern Ontario, Canada

#### GOLD

**Northwestern Ontario:** Renowned for gold-rich districts

**Red Lake:** Lead project 8km from the Dixie Gold Project, acquired by Kinross in 2022 for \$1.8 Billion

**Atikokan & Thunder Bay:** Three gold projects in proximity to historic mines
